## EC6970 - old for backup

### Description

Giving change with the MEI EC6970 is a simple yet accurate task. This coin changer is easy to use and sophisticated. Built to deliver the basic tasks of your vending operations accurately and reliably, there are interfaces for audit and support tool options. This unit is perfect for your introduction into a vending route operation.

Designed as a plug & play model, the EC6970 coin mech offers full accessibility to the coin path and 4 high-capacity change tubes. This coin changer is as easy to use as it is reliable: just set and go.

## Accessories

---

### STS Advance™

STS Advance™ provides operators with flexibility and control on machines that have SC family products integrated. It supports a full range of configuration and software update functions with user-friendly software and handheld tools so you can:

- Reconfigure new/multiple currency software and configuration data
- Monitor the performance of your Cashflow field base
- Collect unit performance and report audit data
- Support PPM and PPM Advance

STS Advance is designed to be user friendly with minimal training. You can meet your unique support needs quickly and easily.
