INNOV4TION HAS ARRIVED

CPI will be showcasing 4 innovations for Fare Collection at InnoTrans. Expect more innovation from your payment partner.

MORE ADVANCED

The new BNR is reducing maintenance costs by over 150%

MORE OPTIONS

The all-in-one ePayment solution accepts all payment types

MORE AUTOMATION

The new retail PayPod solution is the ultimate time saver

MORE CONNECTIVITY

The platform to connect your payment devices to real-time monitoring.

At CPI, a culture of innovation underpins our products and lays the foundation for our global business strategy. Each of our 1,500 global associates is empowered to promote new ideas for how we work, how we improve and how we redefine what's possible in the world of payment technology. In the transportation markets, our solutions are used within Fare Collection, Parking and Toll applications. CPI are specialists in:

- Ticket Vending Machines (TVMs)
- Off-street parking payment kiosks
- On-street parking meters
- Pay and Display machines
- Toll booth payment stations

Our solutions are designed to bring efficient and secure payment handling to Transit, Parking and Toll Operators, maximizing throughput and uptime while providing lowest total cost of ownership.

Please contact your sales representative for more information on Paypod Pay Stations, our ePayment portfolio, Connectivity and the BNR Advance banknote recycler.
