

COSTS ARE INCREASED

If your primary method of solving machine problems is a technician, the cost of service calls can be high

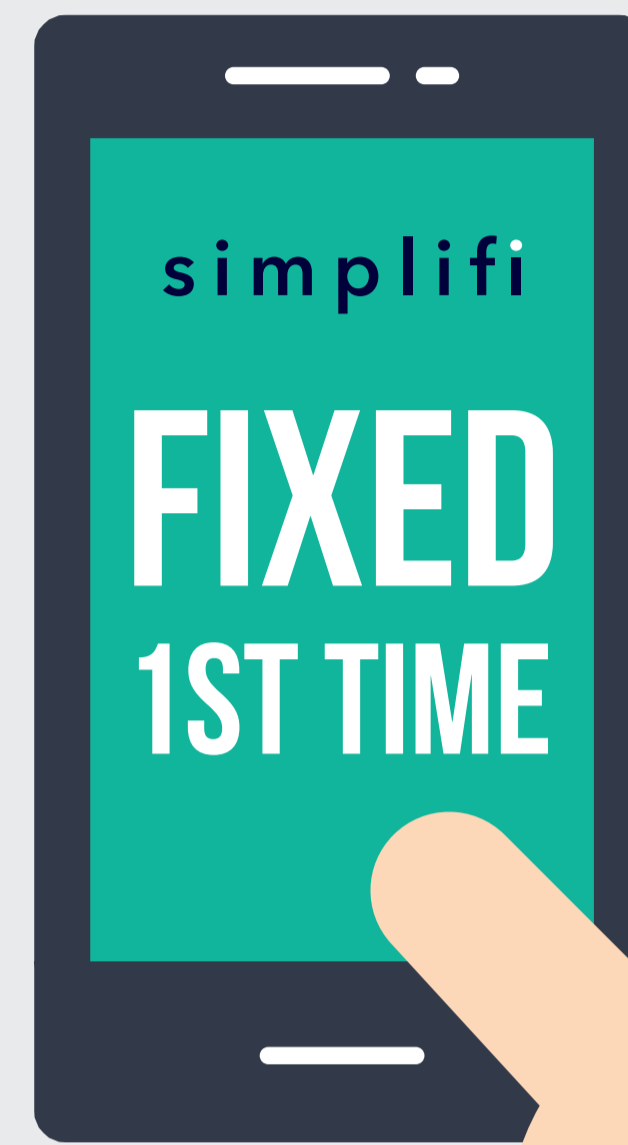

COSTS ARE REDUCED

The Simplifi mobile app helps you diagnose and solve payment hardware problems

2.5 SERVICE CALLS

for each machine,
every year.

YOU CAN BE THE TECHNICIAN

You can diagnose the problem and get it fixed right, first time. Avoid extra service calls.

WITHOUT

CONNECTED CASH

WITH

25% OF A SERVICE CALL

is spent diagnosing the problem

50% LESS TIME ON SITE

In-app troubleshooting reduces service call time

DOWNTIME IS INCREASED

Spending manual effort and time monitoring and investigating machines is highly inefficient

DOWNTIME IS REDUCED

Monitor multiple machines in real-time and save time by identifying machine problems instantly
